## Fare Thee Well!

Good-bye, old friend, the iceman! You are a smooth and nice man, a kindly, genial soul; we do not need you longer; the winds are growing stronger, and we are buying coal. Now autumn is rebuying slate and clinkers and forty kinds of slack. The coal man gets our dollars, and still for more he, hollers, he has to have the price; our bin again he's filling, and so Adopts Resolution Favoring Massawe have no shilling to throw away for ice. Vote Against Suffrage.

The reading of a letter from the committee on forty on suffrage for the District brought out many arguments for and against suffrage in the District.

Cost about \$150,000.

It was suggested that the \$55,000 might be diverted to the uses of putting the site in shape for building. Such an arrangement, Mr. Riordan said, might be the means of getting the building a year ahead of the time it would ordinarily take to get it.

## Might Delay Matter.
